INITIAL AND OVERTIME RATES – All rates quoted are for a three-minute period, except the 10¢ rate which is for five minutes. The Overtime rate per minute for all calls is approximately 1/3 of the Station-to-Station rate for the initial 3-minute period.

NIGHT AND SUNDAY RATES – Low night rates are in effect from 6 p.m. to 4.30 a.m. week-days and all day Sunday, except on calls to nearby points. The time in effect at the centre where the call originates, determines the rate which applies.

OVERSEAS RATES – See inside back cover.

IT'S QUICKER, IF YOU CALL BY NUMBER

GENERAL INFORMATION

PUBLIC NOTICE

The Company's tariffs are open to public inspection and may be seen on application at any of its Business Offices.

BUSINESS TRANSACTIONS

All matters relating to new telephone service, moves, removals, termination of service, directory listings, directory advertising, adjustment of accounts, collection of bills, etc., are handled at the Business Office of the Company.

IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter the premises of subscribers or others, wear a numbered badge bearing the name of the Company or carry a card of identification from the Manager. Any person claiming to be an employee of the Company who is without this badge or card should be refused admittance and the Manager notified at once by telephone.

INTERFERENCE WITH APPARATUS

Equipment required for the furnishing of telephone service is the property of the Company and should be carefully used. Equipment may not be moved, except by the Company and may not be connected with apparatus not installed or approved by the Company.

RECORDING OF TELEPHONE CONVERSATIONS

A short "beep" tone heard over the telephone about every 15 seconds, indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Use of a recorder without this signal is not permitted.

DIRECTORIES

The Telephone Company assumes no liability on account of errors in or omissions from its directories. Telephone directories are and remain the property of the Company. They are printed for the exclusive use of the Company's patrons and are loaned to its subscribers. All persons are cautioned against reproducing their contents.

No auxiliary binders or holders may be used except as provided by the Company, and no advertising labels or stickers may be affixed to directories.

MAGNETO TELEPHONE INSTRUCTIONS

Individual and Two-Party Lines—To call a subscriber, signal the operator and give her the number. Leave the receiver in place while ringing. When conversation is finished replace receiver and give one quick ring-off.

Rural Party-Lines—Always listen before ringing, to ascertain if the line is in use and thus avoid interrupting a conversation that may be in progress.

Before calling a subscriber on your line make sure of his number by consulting the directory, then ring, being careful to make the signal distinct. The signal to give is indicated by the number following the letter "R". The first figure following the letter "R" represents the number of long rings, and the second figure, the number of short rings. For example, to call -R-24, give two long followed by four short rings. Do not press the push-button on your instrument when calling a subscriber on your line.

To call a subscriber on another line, signal the operator and give her the number. To signal the operator, press push-button while ringing.

When conversation is finished, replace receiver and give one quick ring-off. Do not press push-button while ringing off.

Sarnia Dialing Instructions

IT'S EASY TO DIAL

FIRST

CONSULT YOUR DIRECTORY

If the number desired is NOT LISTED in your directory CALL INFORMATION by dialing 1-1-3.

SECOND

HOLD THE RECEIVER to your ear and **LISTEN FOR DIAL TONE**. This steady humming sound tells you that the dial equipment is ready for your call. If you do not hear the dial tone, or if someone else is using the line, hang up and call again later.

THIRD

WHEN YOU DIAL—Keep the receiver off the hook. Using the index finger and pulling the dial until your finger strikes the metal stop, dial the first 2 letters and the numeral of the office designation and then the four numerals of the number in turn. For example, to dial EDgewater 7-9999, first dial the letters "E" and "D", the numeral "7" and then the four numerals of the number in their proper order. After dialing each letter or each digit, remove your finger and allow the dial to return by itself. **DO NOT TOUCH THE DIAL DURING ITS RETURN TO NORMAL**. If your finger slips or you make a mistake, replace the receiver for a few seconds. If after you start to dial you hear another party come in on the line, inform him that the line is in use. When he hangs up restore your receiver for a moment, then re-dial the number.

AFTER YOU DIAL

FOURTH

1. LISTEN FOR SIGNALS

RINGING—Soft intermittent bur-r-r.

BUSY—A buzz-buzz-buzz.

NO SUCH NUMBER—A tone similar to a siren. Hang up. Consult directory for correct number, then dial again.

2. WAIT FOR CALLED PARTY TO ANSWER

Give the person you call time to reach his telephone.

3. WHEN YOU TALK

Speak **DIRECTLY** into the **TRANSMITTER**—LIPS $\frac{1}{4}$ inch from the **MOUTH-PIECE**. **DISTINCT SPEECH** gets better results.

4. REPLACE THE RECEIVER CAREFULLY

AVOID THIS

Always replace the receiver gently immediately after terminating the call. **KEEP YOUR TELEPHONE READY FOR ACTION.**

DO YOU WANT TO CALL ANOTHER PARTY ON YOUR LINE?

1. FROM TWO-PARTY LINES — DIAL 1-1-9-1 and **HANG UP**. Both your own and the other party's bells will ring. When **RINGING STOPS**—it indicates the other party has answered. **REMOVE YOUR RECEIVER PROMPTLY** and talk. If ringing **DOES NOT STOP** remove your receiver for a moment to stop the ringing.

2. FROM RURAL LINES—DIAL the **NUMBER LISTED** in the directory. After you have dialed the complete number the **BUSY SIGNAL WILL BE HEARD**. **HANG UP AT ONCE**. **BOTH PARTIES' BELLS WILL THEN RING**. When ringing stops it indicates the called party has answered. **REMOVE YOUR RECEIVER PROMPTLY** and talk. **IF RINGING DOES NOT STOP**, remove your receiver for a moment to stop the ringing.

ASSISTANCE CALLS AND SERVICE DIFFICULTIES

If for any reason you are unable to dial or if you encounter difficulties, dial **OPERATOR**. Operators are always on duty to assist you.

● POSTAL

INFORMATION

LETTERS

Rates of Postage —

Local or "drop" letters—four cents, or first ounce, two cents for each additional ounce or fraction thereof.

All other letters for delivery in Canada, also letters for delivery in Great Britain and places in the Commonwealth, France, Spain, the United States and all other places in North and South America—five cents for first ounce; three cents for each additional ounce or fraction thereof.

Letters for delivery in all countries not mentioned above—6 cents for the first ounce or fraction thereof, and 4 cents for each subsequent ounce or fraction thereof.

AIR LIFT SERVICE

All domestic mail not exceeding 8 ounces in weight, which is prepaid at the rate of 5c for the first ounce and 3c for each additional ounce or fraction thereof will be carried by available air service provided air transmission will expedite delivery.

Domestic first class mail exceeding 8 ounces in weight will be forwarded to destination by surface means unless air transmission is requested, in which event such mail must be prepaid at the rate of 7c for the first ounce and 5c for each additional ounce or fraction thereof.

INSURANCE

Parcels posted in Canada may be insured against loss, rifling or damage while in the custody of the Postal Service at the following rates:—

Canada:

Parcels mailed in Canada for delivery in Canada may be insured up to \$50 without insurance fee.

If insurance in excess of \$50 and not exceeding \$100, is desired, a fee of 12 cents must be prepaid.

United States:

3 cents for insurance not exceeding \$5.

6 cents for insurance exceeding \$5 and not exceeding \$25.

12 cents for insurance exceeding \$25 and not exceeding \$50.

30 cents for insurance exceeding \$50 and not exceeding \$100.

Other Countries:

12 cents for insurance not exceeding \$50.

30 cents for insurance exceeding \$50 and not exceeding \$100.

Information as to the countries to which the Insurance System extends and particulars as to articles which cannot be accepted for insurance or insured against damage, may be ascertained from the local Postmaster.

AEROGRAMMES

In addition to the regular air mail services, a further service is provided through the use of aerogrammes which may be sent to all countries at 10 cents each. Aerogrammes may not be registered.

Forms available at all Post Offices.

PARCEL POST — Canada

Articles acceptable at the parcel post rates for delivery within Canada comprise farm and factory products and merchandise of all descriptions, also printed matter and samples, at the option of the sender, and, in general, all matter not subject to letter postage and not excluded from the mails by prohibitory regulations.

Parcels must be prepared or mailed in such manner that they can be easily examined. For the greater security of the contents, they may be tied with string or fastened with gummed paper tape.

Limits of Weight and Size—

The limit of weight for a parcel post packet is 25 pounds. Limit of size 3 feet in length, width or depth but the combined length and girth must not exceed 6 feet.

MONEY ORDERS

Send your money safely.

Post Office Money Orders are sold and cashed at over 11,000 Post Offices in Canada. The service also extends to practically every country in the world.

Safe and convenient.

POST OFFICE SAVINGS BANKS

Save with safety—\$1 will open account. Deposits may be made at any one of over 1,600 Post Offices carrying on Savings Bank Business—a convenient Agency for Thrift.

TEN POSTAL POINTERS

1. Address your mail fully, clearly and without misleading abbreviations.
2. Place your return address in the upper left-hand corner.
3. Never enclose coins or other hard objects in letters.
4. Send remittances by Post Office Money Order.
5. Properly pack parcels, using strong containers and heavy paper. Tie securely.
6. Prepay postage fully.
7. Place the stamps in the upper right-hand corner.
8. Insure your parcels, and register valuable letters.
9. Mail early and often. Mail deferred until last moment may cause delay.
10. Give your correspondents your correct Post Office Address.

SARNIA

CLASSIFIED DIRECTORY

December 1955

YELLOW PAGES

registered

THE BELL TELEPHONE COMPANY OF CANADA

THIS CLASSIFIED TELEPHONE DIRECTORY IS

Easy to use...

FOR YOUR CONVENIENCE a complete list of all business and professional telephone subscribers, throughout the community, appear in alphabetical order under the classification appropriate to their business, or the article or service they sell. The classifications, too, are in alphabetical order. You can find quickly and easily the Business, Service or Product you need.

1. When you want to buy something...

Suppose, for instance, a radio—

First look on the “R” pages for “Radio Sales & Service.”

Then pick out the dealer from whom you want to buy.

You can use this directory in the same way when you want to buy any one of thousands of other products or services.

2. When you want a dealer of a trade marked product...

Suppose you want a dealer for a nationally known product, or service, such as an automobile.

First turn to “Automobile Agencies & Dealers—New Cars” on the “A” pages.

Then select the dealer from the list of those who sell or service the particular automobile you want.

3. When you have forgotten a business firm's name but do remember the address...

You may forget the name of a business establishment but remember their location. For example, you want a mover located on Second Avenue.

First turn to “Movers” on the “M” pages.

Then look for the familiar address.

4. Even when you know the name...

The classified directory will help you in looking for business names you know. Suppose you want to telephone Smith, the plumber. Plumbers are listed on the “P” pages under the classification “Plumbers.” You will find your Smith under “Plumbers” more easily than searching the long list of Smiths which normally appears in the white pages of our directories.

For advertising information and rates concerning this directory communicate with our Company Business Office.

The Telephone Company assumes no liability for errors or omissions occurring in the Classified Directory

USE THE YELLOW PAGES, IT'S AS EASY AS A B C

PLANNING**OF COURSE when you build or remodel you'll
plan to conceal pipes, lighting wires
to build in electric outlets, cupboards.**THEN plan at the start to conceal telephone
wires and provide telephone outlets.**For information call the nearest Bell Telephone
Business Office and ask for "Architects and
Builders Service".**THE BELL TELEPHONE COMPANY OF CANADA**

"Here's the answer..."

BELL TELETYPE
FLASHES IT
INSTANTLY,
EXACTLY

WHEN time means money, where delivery dates are important, BELL TELETYPE is the modern, efficient link between the units of an organization. It's the modern, fast, sure, *printed* communications service.

With TELETYPE installed, serviced and maintained by Bell personnel — Canada's communications experts — all messages are carried over telephone lines — 95% of which are in cables, safer from interruptions.

BELL
TELETYPE

If your business has branches or departments in different locations, you will want to check on the advantages of BELL TELETYPE. Complete information is as near as your telephone. Call your Telephone Business Office and ask for a BELL TELETYPE expert to visit you. He'll be glad to explain how TELETYPE can serve your business and to arrange for a demonstration.

There's nothing like a Long Distance call for getting business done quickly. Often the answer is as near as your telephone – and a Long Distance call establishes your business as "urgent."

Keep in touch with out-of-town friends too, by Long Distance. You'll find it so easy, so inexpensive, and so personal.

PLACING A LONG DISTANCE CALL

FIRST Dial or call the OPERATOR and give her the name of the town or city you are calling.

SECOND On STATION-TO-STATION CALLS – used when you will speak with ANY-ONE who answers at the called telephone – give the telephone number you wish to reach. With this type of service charges begin when the called telephone answers.

On PERSON-TO-PERSON CALLS give the number and name of the particular person – or department – with whom you wish to speak. Charges begin when the specified person or department answers and are slightly higher than Station-To-Station calls.

THIRD When the operator asks for it, give the telephone number from which you are calling.

REQUESTING THE CHARGES ON A CALL – If you need to have a prompt report from the operator as to what the charges will be on a call, tell the operator at the time you place the call. Such requests, however, should be made only when the information is essential.

REVERSAL OF CHARGES – If you wish to reverse the charges on a Long Distance call, tell the operator as you are placing the call.

SEE THE INSIDE FRONT COVER FOR LONG DISTANCE RATES.

OVERSEAS TELEPHONE SERVICE

Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator.

Some typical week-day rates for a three-minute call are:

Australia, Brazil and Great Britain, \$12.00;
Bermuda, \$7.50; and Newfoundland, \$6.00.

Reduced rates apply on calls to many countries during certain night hours and on Sunday.
